REQUEST FOR WITHDRAWAL OF NOTICE TO FILE MISSING
PARTS OF NONPROVISIONAL APPLICATION

Commissioner of Patents

Sir:

In response to the enclosed Notice to File Missing Parts of Nonprovisional Application, Applicants submit the following statements with supporting documentation:

Applicants request withdrawal of the Notice to File Missing Parts and respectfully assert that the filing fee did accompany the patent application at filing. As evidenced by the attached copy of the original transmittal letter, authorization was given to charge Deposit Account No. 50-0510 in the amount of the filing fee of \$740.00. In addition, authorization was given to charge the same Deposit Account for any additional filing fees required under 37 CFR 1.16 and any patent application processing fees under 35 USC 1.17.

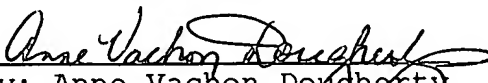

FR920000056-US1

Based on the fact that the filing fee did accompany the application upon filing, Applicants respectfully assert that the Notice to File Missing Parts was issued in error and that the filing fee and surcharge of \$130.00 are not owed by Applicants.

Applicants also note that the Notice to File Missing Parts includes the statement "NONPROVISIONAL APPLICATION FILED UNDER 37 CFR 1.53(b)". The patent application which was filed on October 26, 2001 claims priority under 35 USC 119 of a foreign patent application, as evidenced by the attached copies of the transmittal letter and the Declaration which accompanied the patent application upon filing. The patent application is not a continuation application and was not filed under 37 CFR 1.53(b). Applicants request that any relevant records be updated to reflect the correct status of the patent application.

Based on the foregoing, withdrawal of the Notice to File Missing Parts and correction of any erroneous information in the patent application file is respectfully requested.

Respectfully submitted,
Lionel Denecheau
